Please do.

So now I am wondering if the Acting Assistant Administrator of the Office of Water has signed off on the ND primacy application (i.e. concurrence)? If so, when? If not, when did the application go to Administrator McCarthy?

I believe it is with Administrator McCarthy. I can double check on that.

When you say "Administrator" do you mean Administrator McCarthy or the Acting

Assistant Administrator of the Office of Water?

Hi Kevin,

Sorry, for not answering your call. I had someone in my cube going over documents. I don't have any news. The Class VI primacy application is still with the Administrator and we keep asking for updates but have not heard anything. I am sorry I don't have any updates.

Merry Christmas and Happy New Year to you as well!

Lisa

Lisa,

I hope you are doing well. Is there any update you can provide regarding the North

Dakota Class VI primacy application?

Feel free to call if that is easier for you. I am just hoping I can get a better feel for where we are at and what I can expect in the future.

Take care and Merry Christmas!
